Numerous cities credit using â€œkey messagesâ€• as the turning point in improving their public communication. Key messages give you a proven tool to inï¬, uence whatâ€™™s being said about your city, rather

Successfully Communicating With Key Messages

Information design is the presentation and placement and prioritization of information in a way that facilitates understanding. Information design is an area of user experience design, meant to display information effectively for clear communication. For websites, information elements should be arranged in a way that reflects the goals and tasks of the user.
