Multiple Choice Questions (MCQ) of Computer Networking

A new set of MCQ Questions in the Computer Networking category. As usual there are 10 Multiple Choice Questions related to Computer Networking and four options for each questions and only one options is the correct answer.

Multiple Choice Questions (MCQ) of Computer Networking

A computer network, or data network, is a digital telecommunications network which allows nodes to share resources. In computer networks, computing devices exchange data with each other using connections between nodes. These data links are established over cable media such as wires or optic cables, or wireless media such as WiFi.. Network computer devices that originate, route and terminate the ...
